Important information

What are my options for paying my bill?

On-line	Pay one-time or recurring on www.sce.com/bill
Mail-in	Check or Money order
In Person	Authorized payment locations 1-800-747-8908
Phone	QuickCheck 1-800-950-2356
	Debit & credit card 1-833-425-1440
Other	PayPal, Venmo, Apple Pay and Google Pay

Electronic check processing

Your check payment will be processed as a one-time Electronic Fund Transfer (EFT). With EFTs, funds may be withdrawn from your account the day we receive your payment. Your check will not be returned, but will appear on your financial statement.

Rates and applicable rules: Available at www.sce.com or upon request.

Past due bills

When is my bill past due? It is past due 20 days after the preparation date, which was 08/28/26.

- Unable to pay: If payment arrangements were not extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission.
- For safety reasons, if service is disconnected, please ensure any sensitive or potentially hazardous equipment is unplugged on the day of reconnection. For additional home safety tips, visit www.sce.com/safety or call SCE at 1-800-655-4555.

What is the Late Payment Charge (LPC)?

0.8% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts).

What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating outage.

What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Disputed bills

If you believe there is an error on your bill or have a question about your service, please call Southern California Edison (SCE) customer support at 1-800-655-4555. If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)

Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	English	Spanish
TTY/VCO/HCO to Voice	1-800-735-2929	1-800-855-3000
Voice to TTY/VCO/HCO	1-800-735-2922	1-800-855-3000
Speech-to-Speech Relay	1-800-854-7784	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

Definitions

- **Baseline Credit:** The baseline credit provides reduced electricity rates on electricity used up to the baseline allocation for the region that you live in.
- **CA Climate Credit:** Credit from state effort to fight climate change. Applied monthly to eligible businesses and semi-annually to residents.
- **Wildfire Fund Charge:** Supports the California Wildfire Fund which covers costs associated with catastrophic wildfires, including payment of bonds issued by the California Department of Water Resources (DWR)
- **Public Purpose Programs Charge:** Funds state-mandated programs for low income discounts, energy efficiency, renewable energy and R&D.
- **SCE Generation:** For recovering energy procurement and generation costs for that portion of your energy provided by SCE.

To change your contact information or enroll in SCE's payment option, complete the form below and return it in the enclosed envelope.

Billing period: 07/30/26 to 08/27/26 (29 days)

Delivery charges - Cost to deliver your electricity

Facilities rel demand	23 kW x \$15.83000	\$364.09
Energy-Summer		
On peak	1,140 kWh x \$0.48254	\$550.10
Mid peak	102 kWh x \$0.26923	\$27.46
Off peak	3,900 kWh x \$0.15676	\$611.36
Wildfire fund charge	5,142 kWh x \$0.00591	\$30.39
Customer charge		\$268.43

Your Delivery charges include:

- \$110.13 transmission charges
- \$1,558.44 distribution charges
- \$0.15 nuclear decommissioning charges
- \$115.44 public purpose programs charge
- \$32.14 new system generation charge

Generation charges - Cost to generate your electricity

SCE		
Demand-Summer		
On peak	23 kW x \$5.65000	\$129.95
Energy-Summer		
On peak	1,140 kWh x \$0.36927	\$420.97
Mid peak	102 kWh x \$0.09989	\$10.19
Off peak	3,900 kWh x \$0.06409	\$249.95

Your Generation charges include:

- \$0.57 competition transition charge
- -\$41.60 power charge indifference adjustment (PCIA)

Your overall energy charges include:

- \$24.98 franchise fees

Other charges or credits

Fixed recovery charge	5,142 kWh x \$0.00483	\$24.84
Subtotal of your new charges		\$2,687.73
Irwindale UUT	\$2,687.73 x 7.50000%	\$201.58
State tax	5,142 kWh x \$0.00030	\$1.54
Your new charges		\$2,890.85

Additional information:

- Service voltage: 480 volts

Rate Identification Number - RIN

USCA-SCSC-1600-0000

In the future, you might use the Rate Identification Number (RIN) to program smart devices like smart thermostats, EV chargers, or energy management systems once the manufacturer has enabled its use. Once these smart device features are available, simply scan the QR code using the smart device app for setup. To learn more, visit sce.com/helpcenter/rin.

Things you should know

Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Micro-business Certification

Pursuant to CPUC D.10-10-032 and D.10-11-037, customers who meet the definition of a "micro-business" as defined by California Government Code Section 14837, may be rebilled for a maximum of three months rather than three years for an undercharge resulting from a billing or meter error. To learn more and what you can do to self-certify as a "micro-business" please call 1-800-990-7788 or visit us at sce.com.

Public Safety Power Shutoffs

Your safety is our highest priority. Severe weather events continue to increase wildfire risk across Southern California.

When fire weather conditions put communities at risk, we may need to temporarily shut off power to protect your safety through a Public Safety Power Shutoff (PSPS). This important safety tool helps reduce the risk of fires caused by utility equipment.

We understand the hardship that power outages can create, and remain committed to helping you stay safe, prepared and informed.

How to Prepare: Update your contact information or sign up for PSPS alerts in English and other languages at www.sce.com/pspsalerts.

Learn more about PSPS, including answers to common questions and emergency preparedness at www.sce.com/psps.

Identify , Prevent and Report Utility Scams

- **Slow down:** Take time to consider the legitimacy of urgent payment requests from senders you do not know.
- **Verify:** Contact SCE directly using the verified number on your bill or visit sce.com to check your account status.
- **Report it:** If you receive a fraudulent call, text, email or in-person visit, report the incident immediately.

Visit www.sce.com/scamalert for tips, resources and incident reporting.

Be Prepared for Outage Emergencies

Homes and small businesses in PSPS-affected areas should consider adding a portable backup battery or portable generator into their emergency preparedness strategies. These devices can supply backup power for essential personal electronics, such as mobile phones and computers, as well as critical household appliances including refrigerators, lighting, garage door openers and medical equipment, helping you stay prepared during outages. Rebates are available for qualifying products.

Watch our backup power educational videos, learn more about available solutions and apply for rebates in the SCE Marketplace at www.sce.com/backuppower.

To learn more about the process and method the California Public Utilities Commission used to determine High Fire Threat District maps, visit:

www.cpuc.ca.gov/industries-and-topics/wildfires/fire-threat-maps-and-fire-safetyrulemaking

Safe Portable Generator Hook-Up

Connecting a portable generator to your home's electrical wiring is dangerous and can cause serious injuries or electrocution.

Do not hook up a generator directly to an electrical panel. The safe way is to plug the electrical equipment into a portable generator using a properly sized extension cord approved by Underwriters Laboratories (UL).

If your needs require a generator to be wired directly to your home's electrical system, California state law mandates that you notify us. We also recommend that you enlist the service of a qualified electrician to perform the task. To learn more, visit:

www.sce.com/beprepared

Proposition 65 Warnings

WARNING: The Safe Drinking Water and Toxic Enforcement Act of 1986, commonly referred to as Proposition 65, requires the governor to publish a list of chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. It also requires California businesses to warn the public of potential exposures to these chemicals that result from their operations.

Providing safe and reliable service to all of our customers is a top priority for Southern California Edison and we want you to be aware of these chemicals so that you can reduce exposure to chemicals associated with electricity generation and distribution. We handle all equipment and materials at our sites carefully for your good health as well as ours. However, if you are at or near our facilities and work sites, you can be exposed to the following chemicals on the state's Proposition 65 list. Reduce, limit, or avoid activities at and near the sources of exposure described below. For more information go to:

www.P65Warnings.ca.gov

1. Diesel Generation : Diesel Exhaust: SCE uses diesel-fueled emergency generators during emergencies and other times to help minimize the interruption of our customers' supply of electricity. The generators are used at some SCE facilities like substations and service centers, and at locations where repairs are made to the electrical system. SCE also uses diesel as the primary fuel for electricity generation on Catalina Island and in many service vehicles used throughout our service territory. Diesel engines produce exhaust as a by-product of the combustion of diesel fuel. Breathing diesel engine exhaust exposes you to chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. You should avoid breathing diesel fumes whenever possible.

2. Wooden Utility Poles : SCE uses wooden poles that have been treated with chemical preservatives. These chemicals include pentachlorophenol, which is known to the State of California to cause cancer, and petroleum products such as diesel fuel, which contains chemicals including toluene and benzene that are known to the State of California to cause cancer and birth defects or other reproductive harm. If you come into contact with a wooden utility pole or the dust, debris, soil surrounding the pole, or water runoff that may contain dust, debris, and soil previously in contact with the pole, you could be exposed to these chemicals. Avoid contact with wooden utility poles and the dust, debris, soil surrounding the poles, or water runoff that may contain dust, debris, and soil previously in contact with the poles.

3. Painted Structures : SCE utilizes metal and wood structures and equipment that may have been coated with paints containing chemicals, such as lead-based paint, that are known to the State of California to cause cancer and birth defects or other reproductive harm. When the paint on these structures deteriorates, flakes of paint can impact the soil adjacent to the structure. To avoid exposure, you should avoid contact with any paint flakes or soil near any structure with deteriorating paint.

Support for Customers Affected by a Major Disaster

If you or someone you know has been impacted by a disaster for which a state of emergency has been declared, please visit

www.sce.com/disastersupport

for information about consumer protections, programs and services SCE has available.

Be Ready When A CPP Event is Called

If you are a customer with the Critical Peak Pricing (CPP) rate plan, by reducing your electricity use during CPP events you can minimize incurring higher prices. Plus, your business will earn credits on your electricity bills during the summer season when your bills are typically the highest.

To learn more visit www.sce.com/cpp.

On-Bill Financing (OBF) program

Finance Energy-Efficient Business Upgrades with 0% Interest

Looking to improve your facility's efficiency while managing upfront costs? Southern California Edison's **On-Bill Financing (OBF)** program makes it possible to upgrade your business with **energy-efficient or clean-energy equipment** using **0% interest, no-fee financing** with repayment made directly on your **monthly SCE bill**. Investing in energy improvements today can deliver long-term benefits for your business. Let us help you power a more efficient tomorrow.

To learn more, visit sce.com/onbill
